Dear Mr Lilja

**PERSONAL IMPORTATION OF RIFLE BARRELS**

Thank you for your e-mail enquiry of 16 September 2004.

I can confirm that, as a concession, a freely declared non-commercial importation of privately owned rifle barrels will be permitted by HM Customs & Excise, without an import licence, upon production of the valid UK domestic authority.

I trust this information is of use. Please do not hesitate to contact me should you have any further queries.

Yours sincerely

Ingè Rõõmussaar
